

City of Rutland, Vermont

New Pool and Bathhouse

Seventy-Eighth Annual Report

Fiscal Year Ending June 30, 1970

THE PLEDGE TO THE FLAG

*I pledge allegiance to the Flag
of the United States of America
and to the Republic for which it
stands, one nation under God,
indivisible, with liberty and justice
for all.*

78th Annual Report

Fiscal Year

July 1, 1969 to June 30, 1970

City of

Rutland, Vermont

Printed by NOVAK PRINTING CO., INC.

Foreword

Each year a concise yet comprehensive accounting of the City's business and activities is published for you—the stockholders in the City of Rutland. This report is for your use. Give it the same careful consideration and study you would give to your own business.

Original approved bills supporting expenditures are on file in the City Clerk's Office and cancelled checks on file in the office of the City Treasurer. Any interested citizen is welcome at any time to call at the City Hall and examine vouchers and cancelled checks.

The youth of Rutland in particular are urged to read this book and to study city government, for on the shoulders of today's youth rests the well-being of the Rutland of tomorrow.

The Administration desires to express appreciation for cooperation given it and again to urge citizens to attend the bi-monthly Council Meetings.

TABLE OF CONTENTS

Foreword.....	2
Administration.....	6
Aldermanic Committees.....	4
Assessors.....	81
Building Inspector.....	64
City Attorney.....	65
City Auditors.....	111
City Clerk and Purchasing Agent.....	68

SOME GENERAL INFORMATION ABOUT OUR CITY FOR NEWCOMERS AND VISITORS

The Police Department is comprised of 31 regular men, a chief, a captain, a lieutenant (detective), and administrative clerk, 2 traffic clerks and approximately 75 special officers. The Police Department has 5 pieces of major equipment all with two way radio.

The Fire Department is comprised of 24 regular firemen; a chief, 2 assistant chiefs, 2 captains and 2 lieutenants and 10 call firemen. The Fire Department has 12 major pieces of equipment including a recently acquired Rescue Wagon.

Merchandise and materials purchased by the City must be by a purchase order obtained by all departments (except School Department). The Purchasing Agent is required to put out for bids all merchandise or materials costing \$200.00 or over.

All offices in City Hall are closed on Saturday.

No all night parking is allowed at any time during the year in the Central Business District.

All night parking in the entire city is prohibited from 1:00 a.m. to 7:00 a.m. from December 1st to March 31st, inclusive.

Hours of operation of the City Dump may be found elsewhere in this report.

Zoning Ordinances are available at the City Clerk's Office.

The Municipal Swimming Pool is located on North Main Street (US 7) and White Playground off Jackson Avenue.

The Chaffee Art Gallery is located on South Main Street (US 7).

The Rutland Free Library and Lawrence Recreation Center are located at the corners of Center and Court Streets.

The Rutland Hospital is located on Allen Street, east of US 7.

The Board of Aldermen of the City of Rutland meet the first and third Monday of each month at City Hall at 7:30 P.M.

The Board of School Commissioners meets on the third Tuesday of each month.

Rutland is a central area of the surrounding ski country.

CITY ELECTION day is the first Tuesday in March—March 2nd, 1971.

Copies of individual city ordinances are available to the public.

There are three ice skating rinks located in Rutland and also a small ski tow with instruction available.

Early History of Rutland

Rutland, the seat of Rutland County, is located on Otter Creek, in an amphitheater of mountains—Killington, Shewsbury, and Pico on the east and north, and Herrick and Birdseye, in the Taconic Range on the west. Rutland County provided invaluable opportunities for its early settlers, because of a wealth of lumber, land, minerals and waterpower, plus its accessibility to Boston, New York, and Montreal.

The Charter of Rutland was one of sixty issued in 1761 by Governor Benning Wentworth of New Hampshire. The first grantee was John Murray, a prominent citizen of Rutland, Massachusetts, who probably named the township.

In 1769, Colonel James Mead bought about 7,000 acres of land for 100 pounds (approximately six cents an acre) from Nathan Stone of Windsor, and sold half to Charles Button of Clarendon. In March, 1770, Colonel Mead moved here from Manchester, Vermont, and settled near the falls in Center Rutland. The first meeting of landowners in Rutland was held in October, 1773. By 1774 there were 35 families, a log meeting house, and a Congregational Church located at Center Rutland.

About the beginning of the Revolutionary War, Fort Picket was built on North Main Street, near the corner of Terrill Street. Its name was later changed to Fort Rutland. In March, 1778, Rutland was made the headquarters for the State Troops, and the same year Fort Ranger was erected in Center Rutland.

In 1775, the old State House was erected on West Street, near the present Armory. It was here that the first U. S. District Court in Vermont convened in 1791 and the State legislature met in 1784 and 1786. A log jail was built near the Court House.

In 1787, the town was divided into two parishes, East and West; what is now known as Rutland and West Rutland.

It was generally believed that the situation at Center Rutland offered better advantages as the site for the village than did Main Street in the East Parish, and it is probable that if the land owners in Center Rutland had not priced their land too high, the larger business center of the county would be located at that point.

Great quantities of wheat were sent to out-of-state markets, and the best corn mills in the county were located on Otter Creek. In the town was a printing office, an oil mill, a manufactory of nails, a hat manufactory, and a large brewery. It was said that every material needed for building except glass and paint were made here. Potash and pearl ash later became important commodities.

Rutland village (population about 7,000) was incorporated in 1847 by an Act of the General Assembly, and in 1856 it was divided into seven wards. The village was built almost entirely on Main and West Streets. The old stage coaches passed through Rutland from Montreal to Boston and New York. In the center of the village was Federal Square (now Court Square), and on each side as on Main Street, handsome houses drew the attention of travelers.

A new period of expansion began in 1850, with the advent of the railroad. Rutland was the central railroad point, and at that time 45 trains a day entered the village. The marble industry, started in 1820, doubled and redoubled, and Rutland grew in commercial importance more than any other place in the state.

The City Charter was granted November 19, 1892, and the first mayor was Dr. John A. Mead. The City of Rutland then had a population of 11,700, and included about 8½ square miles.

RUTLAND — 1852. The intersection of West and Main Sts. (above, looking southeast) was the heart of the business area of 19th Century Rutland until after 1848 when the railroad came to Rutland and the center of business activity began to move west into the present downtown area. The large building on the left is now occupied by the Lindholm Sport Center. The building with the dome is the old Courthouse which was built in 1792 and later burned.

City Hall Burns, March 24, 1901

Report of THE MAYOR

To the Citizens and Taxpayers of Rutland:

This has been a year of extraordinary expenses. The city hall was burned on the night of the twenty-fourth of March, and most of the furniture therein. The men and horses in fire station number one and all the city officers were literally turned out into the street. The city records and what property was saved from the fire had been scattered about during the fire in various places. Search was at once begun to find a place where the city business might go on. A place was found in the vacant store in the Bardwell house block. Into this store was gathered the records and other property saved from the fire, the city clerk, the city treasurer, the board of assessors, the board of aldermen, the engineer's office and the police force. The mayor's office was also in this store wherever there was a vacant chair. An extra janitor was hired to guard the city records and other property night and day, and here the business of the city was continued. Notice was immediately given to the several insurance companies that had issued policies on the city hall. Milo Lyman was appointed an adjuster on the part of the city and William Kelley of Albany on the part of the insurance companies.

J. BURTON HOLLISTER

Mayor

Mayor's Message

To the People of the City of Rutland:

Once again it is a pleasure to submit to the people of this City the annual report of the Mayor for the Fiscal Year beginning July 1, 1969 and ending June 30, 1970.

As we review the events of the past year there were many significant and positive accomplishments in the various areas of municipal government. Some time ago this administration set out to achieve a goal of progress and improvement to up-grade and modernize many services to our people and to make Rutland a source of pride to its citizens and to our many visitors.

During the past year we have made many significant inroads toward achieving our goals, but much yet remains to be done. Through cooperative assistance from within the City departments, employees, elected officials and the people we will ultimately realize many other vital community needs in the future.

Rutland is now in the process of implementing the first phase of TOPICS. Through its title, "traffic operations program for increasing capacity and safety," the City will be the beneficiary of a modern traffic system to improve vehicular movement in both business and residential areas. Matching state and federal funds are the main sources for financing the project, while the City's share of the cost was limited to the purchase of land easements to implement the program. Phase I of the TOPICS program includes three major renovation plans. These include re-surfacing of streets and parking, an improved and more effective traffic signal system and road marking and directional signs. All these improvements will ease the flow of automobile traffic within the City and avoid congestion and serious tie-ups especially at the peak hours. Basically, TOPICS is a key safety measure as well and should, under normal conditions, keep accidents and personal injuries to an absolute minimum.

Main Street, south of West Street, and Strongs Avenue are included in the second phase which is slated to get underway in 1971. The entire TOPICS program is a five-step operation of "short range" improvements which seeks to achieve maximum traffic efficiency.

In July, the City officially opened the new Municipal Swimming Pool at the White Playground. The project got underway on April 15 and provides a much needed recreational facility. Paddock Pools, of Albany, New York, were the contractors, and Ernest Erickson of Rutland drew the design.

Many persons were involved in the planning of the Pool. In particular the Rutland Region Chamber of Commerce, through its executive vice president, Clifford Barnes and Dr. Donald Icken of the Pool Committee of the Chamber should be commended for their efforts and work in realizing this goal.

In anticipation of future population growth the City Planning Commission has discussed the City water supply problem at great length during the past year. I wish to offer my heartfelt thanks to the members of this commission who have given their time and efforts as a commitment to improving our community. I am hopeful that this group will maintain its strong civic interest and will continue to serve the interests of the people of the City. Specifically, the City acquired easements for new water mains—6100 feet of 20-inch pipe and 3100 feet of 16-inch main will be installed to alleviate the low pressure in the problem areas.

Last June the Board of Aldermen approved and adopted the Gale Wage Study Report for City employees. However, it should be noted that union members of the Public Works department are not included in the Gale study. This report became effective on July 1 and calls for upgrading of salaries. It is based on the concept of "a fair day's pay for a fair day's work." In

addition to salary revision, the Gale report also includes regulations relating to annual leave and sick leave policy. It is the feeling of this office that the Gale Wage Report is a significant step forward in making salaries more equitable and more attractive for our City employees.

The "hot mix" paving of several residential streets was completed during the past year and will continue until all streets have been top dressed.

West Street was widened during 1970 and the improvement has resulted in much less congestion and creates smooth flow of traffic at the intersection of Route 7.

The installation of new sewer lines on the north end of Grove Street is now being planned. It is imperative that this project be done soon in order to reduce the flow of sewage into East Creek and to eliminate the need for septic tanks in the area.

Meter parking will be reduced by two hours both mornings and afternoons in the vicinity of the Rutland Post Office. Due to renovations, the Postal Department has limited parking facilities for the public on the Federal property. However, indications are that more public parking will be available in the vicinity at a later date.

During 1970 numerous meetings of City and Rutland Town officials were held to discuss sharing services and facilities between the two communities. The Aldermen voted in October 1969 to sell water to the town of Rutland. Contracts are being drawn up by our City Attorney.

The East/West Highway plan involving a segment of super-highway in the Rutland area has been under discussion for several months. Although nothing has been finalized there is a great deal of interest in the plan. Committee representatives from Maine, Vermont, New Hampshire and New York have undertaken extensive studies of the Highway. Locally the Rutland Region Chamber of Commerce in conjunction with City officials have helped promote the idea. The planned highway would extend from Amsterdam, New York through Rutland to Calais, Maine.

Through the efforts of Senators Andrew Orzell and Robert West the State restored an intended \$58,000 cut in the Aeronautics Budget. The money is earmarked for renovations and improvements at the Rutland Airport. Air traffic has continued to increase substantially in the past several years and the return of these funds was extremely vital to the operation of the Rutland Airport. The City is deeply grateful to Senators Orzell and West for their efforts.

Rutland, like many other communities, took an active role in a number of clean-up projects during the past year. Between 150 and 200 civic minded individuals participated in Green-Up

on April 18. Although this was a state wide activity, Rutland citizens did an excellent job "sprucing up." The local phase was under the direction of Public Works Commissioner, Lyman Styles and project director, Joseph Giancola.

Mount Saint Joseph Academy students, under the direction of Howard Shortleeve of the school faculty, organized the annual city clean-up in late April. These young people showed their civic interest by aiding in the effort. It is important to note, that in 1969, this same project was accomplished but at a cost of \$1,091. With the MSJ students becoming involved the overall cost to the community was reduced by \$262.00. At the same time, their efforts helped to finance part of the cost of the new kitchen equipment for the MSJ cafeteria.

The City of Rutland was the recipient of a \$3,045,726 assistance grant on June 19th to be used for the construction of 75 units of low income housing and a comparable number of Senior Citizens units. The grant was made possible thanks to the efforts of Congressman Robert T. Stafford and we thank him for his help in securing the Federal aid for the project.

In closing I would like to express my sincere and personal thanks to the City Department Heads, the Board of Aldermen, employees, civic groups and all those who helped during the year to make our city a better place in which to live. Although we have realized many of our goals, further accomplishments are both necessary and important to our continued growth and prosperity.

Respectfully,
HAROLD J. NICHOLS
Mayor

BUDGET 1970-1971 LETTER OF TRANSMITTAL

June 1, 1970

*Honorable Board of Aldermen,
City of Rutland, Vermont*

Gentlemen:

In accordance with the requirements of Section 83 of the City Charter of the City of Rutland, I submit estimates of the various departments for Fiscal July 1, 1970 to and including June 30, 1971.

The total is \$5,094,112.16 or \$637,417.65 in excess of 1969-1970 Fiscal. The School budget is \$2,278,020.00. The Grand List figures are not available.

Respectfully submitted,
HAROLD J. NICHOLS
Mayor

General Information

Currently the Rutland Public Schools employ professional people serving an enrollment including tuition students of 3739 students distributed as indicated on the following page. These students are housed in ten school buildings. The average per pupil cost as calculated by the State Department of Education on actual expenditures for the 1969-70 school year was \$856.00.

Complementing the professional staff are 25 secretarial-clerical personnel, an administrative assistant, a data center director, and 30 maintenance-custodial personnel. In addition to these employees, there are 40 cafeteria personnel, a substantial number of substitute teachers available for the continuation of the daily on-going school operation. The total number of employees listed on the School Department payroll is readily called to mind by the issuance of 450 W-2 Income Tax Forms, for earning and withholding records.

The staff is to be commended. Children were taught; buildings were clean, warm and safe; lunch was served; books and supplies were available; reports were made; parents were contacted for many reasons; payrolls were met; meetings were held; individual children were tested; families counselled; teachers were alerted to new or revised programs; physical examinations took place; dental examinations and service were provided; attendance regulations and rules were enforced; athletic events took place; plays were presented; school publications met deadlines; and a multitude of daily activities took place in a matter-of-fact way. All of these activities occurred and were executed efficiently by interested school department employees. The unheralded routines of the day-to-day operation of the school system are so important and necessary that they're often overlooked in a summation of the year's activities. The total staff is to be commended for doing an outstanding job in maintaining the necessary components of an educational enterprise.

Respectfully submitted,

HENDRICK K. ARNOLD, *President*
Rutland Board of School Commissioners

JAMES J. TINNEY, *Superintendent*
City of Rutland Public Schools

Rutland Free Library

For the Year Ending June 30, 1970

To the Honorable City Council and Citizens of Rutland:

It is a pleasure to present my seventh annual report as the Director of the Rutland Free Library. Increasing use was made of the library, its collections and its services during the year. A high point of the year was the announcement in December of the Gustav H. Grimm and Family Fund.

Grimm Fund

The Grimm Fund enables the library to increase substantially its purchases of books and periodicals from a generous income received henceforward from a trust established by Mrs. Nella M. Grimm Fox, a lifelong resident of Rutland who passed away last fall. This income is double the library's previous book and periodical budget, and it permits the enlargement of the reference collections in addition to the purchase of many more circulating adult and children's books. Thus, the library can increase qualitatively as well as quantitatively its material offerings to the public.

Materials Collection

The effect of the increased funds for library materials was noticeable almost at once, as the rate of expansion of the collections increased. The reference collection may serve as an example of this. Among a sampling of new reference works we added were The Oxford English Dictionary in 13 volumes; the 10 volume College Blue Book; the Europa, Middle East, and Africa year books; American Peoples Encyclopedia; Ulrich's International Periodicals Directory; Dictionary of Costume; Science Dictionaries of the Plant and Animal Worlds; Birds of the Eastern Forest; Combat Aircraft of the World; Shrubs and Vines for American Gardens; Dictionary of Cooking; Formulas, etc., for Home and Workshop; Concise History of Western Architecture; Modern Encyclopedia of Basketball; Lawn Tennis Encyclopedia; Baseball Encyclopedia; Brusewitz's Hunting; American Movies Reference Book; Ewen's Composers Since 1900; Times Atlas of the Moon; Oxford Book of Ballads; New Cambridge Bibliography of English Literature; Miller's Graphic History of the Americas; Fox-Davies' Complete Guide to Heraldry; Zieber's Heraldry in America; Franklyn's Shield and Crest; Smith's Flag Book of the United States; New York Times Encyclopedic Almanac; Moody's Investors Service; and Dun and Bradstreet's Million Dollar and Middle Market Directories.

Library Staff

Miss Vivian R. Hewitt, after fifty years of service in the Rutland Free Library, is continuing in a part-time capacity, and Miss Sharron A. Wetherby has joined the staff. Miss Hewitt's contribution to the community is recognized by those who are familiar with the library through the years as patrons, trustees, or staff.

Miss Golide E. Jenkins resigned following three years of work in the adult department. Her duties have been taken over by Mrs. Merlyn M. Lyon.

Miss Carol A. Chatfield, a graduate of Simmons College School of Library Science, replaced Mrs. Pamela P. Powers as Children's Librarian in the spring, as Mrs. Powers left to accompany her husband on an ecumenical assignment in Rome. Among the children's department activities of the past year was a weekly Saturday afternoon film program during winter and spring months. As this is written a summer schedule of alternating story hours and film showings is in progress.

Other members of the Rutland Free Library staff are cataloger Daniel J. Weine, Mrs. Frances C. Carroll, Miss Marjorie Loveland, Mrs. R. Gale Spaulding, and custodian George Myers. Library bookkeeping and other financial matters are taken care of by Miss Irene Francis and Miss Josephine Rosmus. Summer assistants were Richard Pulling, Kathleen Tyndall, and Sharron Wetherby. During the year the Director served on the By-Laws Committee of the New England Library Association.

Memorial and other gifts made by various friends were a significant contribution to the library. Important was the publicity which the library received from the Rutland Daily Herald and radio stations WSYB and WHWB, as its activities, programs, and new book acquisitions were made known generally. There was a collection of notable books on display during National Library Week in the Blue Cross window downtown.

Notable was the number of groups which came to the library during the year for orientation, tours, or just general visits. In addition to pre-school, elementary, and secondary-school classes were playground, Youth Opportunity, Work Incentive, Citizenship, and Manpower Retraining groups. We invite and encourage all to make these visits which serve to bring some to the library for the first time and assist others to get more out of a facility with which they already have an acquaintance.

Maps of the library have been posted near the adult desk which outline the locations of the library's contents. In addition to this, signs at the ends of the adult non-fiction stacks detail the arrangement of the subject material for browsers and students. The library thus fulfills the aim of grouping like information together, then pointing out where it is located.

Completed were an inventory and an evaluation of the library's collections, including its circulating books, its general reference and historical reference works, pamphlets, recordings, bound and unbound periodicals, and its furnishings and fixtures. Building projects included a renovation of the staff room, washing and repainting the walls of the Lawrence Reading Room, and further plantings on the library grounds.

Board of Trustees

President of the Library Board this year was Mrs. Bernard R. Dick. Lawrence Miller was Vice President and also chairman of the Finance Committee, whose other members were John Densmore and Theodore Ennis, Library Board Treasurer. Heading the Personnel Committee again was Mrs. Bradford N. Smith, who was assisted by Lincoln M. Fenn and Mrs. Howard T. Swain, Board Secretary. The House and Equipment Committee was composed of Mrs. Frederick Zimmer, chairman; Mrs. Robinson E. Keyes, and Mrs. Joseph W. Kozlik. Members of the Nominating Committee were chairman Mrs. Morris B. Wolk, Mr. Robert E. Schill, and Dr. Gordon B. Smith.

The Town of Rutland saw fit to increase its annual appropriation to the library. Meanwhile, Mendon voted to begin giving tax support to the Rutland Free Library. These appropriations are positive expressions of opinion of the Rutland library facility.

I would like to express thanks for cooperation and help received from the staff, trustees, and city officials during a busy and progressive year. We look forward to a year of increased demands for the services and programs which the library offers.

Respectfully submitted,

CHARLES D. MAURER, JR.

Director of the Rutland Free Library

Public Works Department

To: The Honorable City Council and
the Citizens of Rutland

It gives me great pleasure to herein submit the Annual Report of the Department of Public Works for the year ending June 30, 1970.

My first report to you last year consisted of the record of my Department's activities for that year, colored by my observations after only three months in office. The past year's experiences have served:

- to amplify and enlarge my impressions of the scope of the problems existing;
- to increase my appreciation of the factors involved in the solutions of those problems;
- to reinforce my resolve to effect the long range planning for positive action towards the orderly correction of the problems.

Long range planning, however, as a practical matter is believed to be best implemented by establishing and attaining short range objectives, all while carrying out our Department's annual "housekeeping" chores to enable us to maintain a municipal plant second to none in providing service to you.

Streets and Sewer Division

Streets and sewers are very ably supervised by our Assistant Superintendent of Streets and Sewers, Mr. Donald Foster, assisted by his capable Street Foremen, Mr. Donald Santwire and Mr. James Ward. The Division includes the operations of streets, sewers, the dump and winter maintenance. The care and maintenance of the over 70 miles of streets and sewers throughout the year requires an exacting ability to cope with changing conditions of climate, personnel, locations, etc., and a dedication to see a job done well to be a benefit for us all. I have found these men and the overwhelming majority of the workers in streets and sewers do have that ability and dedication for public service.

STREETS

The success of our "Hot Mix" (Bituminous concrete) paving program we believe has been demonstrated. Some 9,921 tons of "Hot Mix" overlay were placed by the paving contractors, L. M. Pike and Vermont Paving, on 34 streets for \$83,377.00. Again we thank those thoughtful taxpayers who improved their driveways. We plan on continuing this very necessary program in fiscal 1970-71. It is apparent that in some areas it would be better if "Hot Mix" curbing were installed along with the paving to guide storm runoff and to protect the edges of the new pave-

ment. In the Central Business District (CBD) downtown a problem exists wherever additional applications of the overlay cause the curbing to disappear; therefore we expect to make more extensive paving renovations.

Streets paved (or portions of) were as follows: Park Street, First Street, Howe Street, James Street, Forest Street, School Street, Watkins Avenue, Pine Street, Evergreen Avenue, State Street, Crescent Street, Pierpoint Avenue, Park Avenue, Harrison Avenue, Library Avenue, Marble Avenue, Chaplin Avenue, Dana Avenue, Kendall Avenue, Chestnut Avenue, North Street, North Street Extension, Temple Street, Stratton Road, Haywood Avenue, Evelyn Street, Birchwood Avenue, Lincoln Avenue, Prospect Street, Creek Road, Meadow Street, East Street, Grant Avenue.

The Streets personnel were involved in other retreatment projects and street maintenance which consumed 33,780 gallons of asphalt, 590 tons of grits, 321 tons of sand, 1,300 tons of pea stone, 5,637 cubic yards of gravel and 742 tons of cold patch. Some renovation of the concrete on Ripley Bridge was completed.

The sidewalk paving program was begun along Allen Street, Pierpoint Avenue and Lincoln Avenue by the installation of the gravel base.

A new one ton paving roller for our sidewalk paving program, an excavation compactor were purchased. The City Council approved the rental of a multi-purpose Drott 40 YR backhoe with an option for purchase in fiscal 1970-71. This machine is extremely versatile and I believe those who will see it at work ditching, digging, loading, demolishing and plowing in this coming winter's snows will be impressed with its performance.

The West Street cutback at the Main Street Park was accomplished. The cutback affords a needed parking lane and will provide for better traffic movement along with the pending traffic operation to improve capacity and safety (TOPICS) program in the area.

The vandalism of the street signs continues. We are hard pressed to keep up an efficient replacement program. It is apparent a continuous program involving a sign shop will have to be initiated to replace signs as fast as they are removed. Pavement markings were done by H & P Striping Co.

WINTER MAINTENANCE

We are told the total snowfall for our area was 55.3 inches or about equal to the 30 year average of 56 inches. It seems to us that all 55 inches fell during the Christmas week and weekend. My desk pad shows approximately 60 inches were piled up between December 22 and 27 of 1969.

The week's first storm on Tuesday of about 11 inches was handled efficiently with little strain to men or machines. All

Drott 40-YR Backhoe

main streets were opened up quickly, the downtown area was widened and picked up; progress on side streets continued and the Division took Christmas off. Friday's storm (about 14 inches) put some strain on our facilities but we thought we were keeping pace. Then Saturday morning's load of about 25 inches seemed to be the proverbial "straw that broke the camel's back"; however, the men worked long and hard and kept the main arteries open.

Governor Davis declared a state of emergency existed and enabled us, through the good offices of Civil Defense Director Manfredi, to use National Guard trucks and loader to clear some downtown intersections. Great expense was incurred in the contract services of private snow removers. Emergency snow clearing situations involving births, funerals, marriage, access to hospitals and nursing homes and churches, as well as the year's social highlight (the Cotillion) were given due priority.

The patience of everyone was tried in one way or another during the unusually heavy and wet snowfall. High banks at intersections were visibility problems for motorists. The high visibility pennants we advised to be attached to extended radio antennas probably helped to avoid some accidents at intersections. We hope to purchase some standard pennants for future use.

A total of 1,972 tons of salt, and 1,317 tons of sand were used during the winter. Contractual services for snow removal cost \$18,268.50. A snow plow wing for the grader we purchased was very helpful in widening the main arteries.

SEWERS

The lack of adequate drainage control continues to increase our expenditures for street maintenance. This lack of catch basins, culverts and storm sewers creates the problem situations of mud and debris accumulations; gutter, side ditch and street washouts; and sewage backups into houses. Minor brooks have turned into major ones due to developments taking place on land tributary to these water courses, which increase runoff and subsequent flow.

One project I have conceived of and will plan on is to increase the capacity of Moon Brook by putting it through an enlarged underground box culvert with proper landscaping on its roof, as a project which would protect the adjoining properties from high water damage, as well as enhance the property values.

It will be necessary for us to establish drainage control by ordinance or by regulation so as to protect property owners downstream from damaging runoff due to upland developments. An overall plan and implementation program for the orderly improvement and extension of our combined sewerage system is still held to be a necessity. An overall plan and implementation program would combine and extend the previous studies by Dubois & King in 1965 and by SEICO, Inc. in 1969.

We have seen several instances this past year where citizens have contracted with contractors to clear their building sewer line when the obstruction was in the sewer main. In order to possibly avoid this expense, the owner of the building sewer should first call the Department of Public Works so that we can check the main. The Police Department takes calls for us during the hours when our office phone is not manned. We have purchased a sewer rodder machine and a hydraulic sewer cleaner which enables us to do a more efficient job for you. During fiscal 1969-70 we made 36 new house connections; rebuilt or repaired 46 catch basins and 48 manholes; constructed 2 new catch basins and 4 new manholes. Sewer main extensions were made on Hillcrest Road and Giorgetti Boulevard. The Killington Avenue Storm Sewer Project was begun. The project as planned will include an asphalt coated and paved galvanized storm sewer main starting as an 18" diameter near the city line, and increasing by stages to a 42" diameter to its outfall at Moon Brook; inlets at Grandview Terrace, Hilltop Terrace, Robinwood Lane, Alta Terrace, Foster Place, Westview Avenue and Killington Terrace; subsurface perforated pipes throughout the areas I observed turning to "rubber" during this year's January thaw; and "Hot Mix" curbs and paving along the entire length from the Moon Brook culvert to the city line. The Moon Brook culvert will be enlarged through the engineering assistance of the Vermont Department of Highways.

THE DUMP

As required by State Health regulations we must suspend burning in our tepee by January 1971, or at the very latest January 1972, provided a program for an alternate method of solid waste disposal is approved and adopted. The State law presently points towards the use of a sanitary landfill by towns. Your City Council appropriated the necessary funds to purchase equipment for sanitary landfill operation in line with the State Health regulations. Sanitary landfills alone are not held to be the best long range solution to the problem of solid waste disposal here in Vermont due to their land requirements, but as temporary expedients only. A sanitary landfill used in conjunction with bulk reduction processes of incineration, reuse or recycling of solid wastes, appears to be the direction most municipalities will be heading.

Rutland is unique in that our ordinance requiring separation of solid wastes into burnables, non-burnables and putrescible garbage, gives us the potential to get into a more economical method of solid waste disposal.

Water Division

During the year it was found necessary to reorganize this Division into the services of Water Resources, Water Treatment

and Water Distribution, with each service reporting directly to the Commissioner.

WATER RESOURCES

Our Water Resource Manager, Mr. Harry Jasmin, has managed to discover and have corrected all observable incidents of subsurface sewage disposal within the Rutland City watershed. Thirty-one commercial and 62 private residences or camps are surveyed. It is apparent that subsurface methods of sewage disposal are not the answer for the watershed. A community sewer line conducting the effluents out of our watershed appears to be the most logical approach. Dr. Aiken, the State Health Commissioner, recommended the appointment of a Deputy Health Officer for the watershed to go along with the Commissioner of Public Works' charter responsibilities of care and management of our water supply. Mr. Jasmin was appointed Deputy Health Officer for the Rutland City watershed in Rutland City, Rutland Town and Mendon.

A surveillance program for brook patrol and sampling was initiated and is being carried out. The results of the surveillance and corrective actions taken have been encouraging. Tests of the quality of the "raw" water prior to water treatment have indicated the water as being safe to drink. The need, however, for a local laboratory or (temporarily) a field test kit for water samples was apparent. To ensure the adequacy and potability of our present water supply, as well as to provide for adequate sources, a water resource study should be made of our area. A beginning has been made through a request we made to the Rutland Natural Conservation District to have the U. S. Soil Conservation Service conduct a soil survey. Mr. Norman Parenteau and Mr. Louis Dondero, soil scientist, are in process of preparing a report for us on the soil survey.

WATER TREATMENT

Our Water Treatment Manager and caretaker of the reservoir, Mr. Rolla Jasmin, continues to accomplish the care and maintenance of the reservoir and chlorine house in an exemplary manner.

Monthly checks of city taps are made for free available chlorine residual to see that we maintain at least the required one part per million (1 PPM) required by health standards. We used 39,000 pounds of chlorine and 400 pounds of copper sulphate to accomplish the necessary water treatment. A pilot station was erected over new steel cover plates at the intake. Capitol Equipment provides the free loan of their Advance Chlorinator. The original purpose of the project was to determine amounts of chlorine dosage required, should we install an emergency pre-chlorination facility at the reservoir.

Side benefit of the pilot project was a noticeable decrease in aquatic growth in the reservoir and a clearer appearing pond.

A program is established and carried out for checking the pressure reducing valves in the water system monthly, in addition to the daily routine operation of the chlorine house meters, chlorine supply and equipment.

Mr. Jasmin's other duties as caretaker of the reservoir involve cleaning of Mendon Brook at the intake and lower diversion dam.

Respectfully submitted,

LYMAN H. STYLES

Commissioner of Public Works

Fire Protection

August 15, 1970

To the Honorable City Council:

Gentlemen:

I hereby submit to you the annual report of the activities of the Fire Department for the year ending June 30, 1970.

During the year the Department responded to 416 Alarms as follows: Telephone 313, Street Box 78, Automatic Detectors 12, Radio 4 and Verbal 9. There were 55 malicious false alarms. There were 84 calls for the Rescue Truck. The Department also responded to 273 "Special Service" calls of various nature, making a total of 689 emergency calls.

There were no major fires during the year and the only general alarm fire was for the fire at the Rutland Plywood Co. in the Town of Rutland.

At this time I cannot give a complete report of the fire loss for the year as there are several small losses that have not been reported by the insurance adjusters. The largest single loss was at the Alberico Rug Cleaning plant which amounted to \$15,916.00.

Apparatus

Engine # 1—1963—1,000 G.P.M.—Maxim—Triple Combination
Engine # 2—1969—1,000 G.P.M.—Maxim—Triple Combination
Engine # 3—1963—750 G.P.M.—Maxim—Quadruple
Combination

Engine # 4—1969—750 G.P.M.—Inter—Triple Combination

Personnel

The personnel of the Fire Department consists of a Chief Engineer, two Assistant Chief Engineers, two Captains, two Lieutenants and 26 regular Firemen, and 12 Call men who respond to whistle calls only.

The Fire Department moved into the new station on November 11, 1969 at which time four additional firemen were added. The station has been visited by several fire chiefs and firemen, all of whom had great praise for the efficient general layout. There was no interruption of any kind when the change over was made. The fire alarm system was never out of service and all labor changing over was performed by the members of the Fire Department. The efficiency of the Department has been improved and the morale build-up has been tremendous. The location of the new station has also eliminated a bad traffic hazard.

Cost of Operation

Salaries.....	\$240,791.79
General Expenses.....	24,358.22
Capital Outlay.....	11,434.14

Total Cost..... \$276,584.15

During the year the Fire Department lost by death First Assistant Chief John Arthur Olson. Chief Olson joined the Department June 4, 1928. He was appointed Captain December 13, 1964, Second Assistant Chief January 1, 1967 and First Assistant Chief January 1, 1968. Mr. Olson died March 3, 1970.

Fireman George Ferugson retired from the department after 29 years of faithful service. He was appointed February 1, 1940 and retired December 31, 1969.

Also during the year the Fire Department replaced 3,000 feet of fire alarm wire. 217 Wiring permits were issued. All schools and nursing homes were inspected. Several firemen training schools were conducted, including a country school.

I wish to thank His Honor the Mayor and all other City Departments for their assistance and cooperation.

Respectfully submitted,

ALFRED H. KOLTONSKI
Chief of the Fire Department

5-5-5, All Off-Duty Firemen Report at Fire Headquarters

Police Protection

August 14, 1970

To the Honorable City Council:

Gentlemen:

I hereby submit the annual report of the Police Department for the fiscal year ending June 30, 1970.

The past year has been a very active one. There has been a steady increase in all activities of the Department.

Sgt. Charles Callahan retired after 27 years of dedicated service. Officer James Densmore was promoted to Sergeant. One new clerk, Beatrice Chandlish, was added to the Traffic Court staff. The total strength of the department now stands at thirty-one officers, three meter maids and two traffic clerks.

All officers attended in-service training schools in defensive tactics and firearms. Other officers attending special schools were: Officers Kelly and Hall, Seminar in Forensic Medicine; Lt. Lafley and Officer Grazini, Photography; Officer Kelly, Narcotics.

The lack of space in the Police Department has reached a very critical stage. Space originally intended for six men is now being used by thirty-six. The efficiency and service of the Department is badly affected as well as making nearly impossible working conditions. It is very urgent that an immediate solution be found to relieve the present situation.

I would like to express the appreciation of the entire Police Department to all other law enforcement agencies, the press, radio and television people who have assisted and worked along with us.

To his Honor, Mayor Nichols, the Honorable Board of Aldermen and City Officials, I extend my thanks for their helpful assistance.

Respectfully submitted,

STUART D. JENNE
Chief of Police

Health Officer

August 15, 1970

To the Honorable City Council,
City of Rutland, Vermont

Gentlemen:

It is the pleasure of your Health Officer to submit, herewith, his annual report for the fiscal year beginning July 1, 1969 and ending June 30, 1970.

The Health Department is composed of a three man Board of Health, appointed by the Mayor, and a Health Officer, appointed by the State Board of Health.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

Two hundred twenty contagious diseases were reported and quarantined during the year. A monthly chart follows:

CONTAGIOUS DISEASES

Abbreviations

Mu.—Mumps
Mea.—Measles
C.P.—Chicken Pox
W.C.—Whooping Cough
Ty.—Typhoid

S.I.—Streptococcal Infection
I.H.—Infectious Hepatitis
Polio—Poli myelitis
I.M.—Infectious Mononucleosis
G.M.—German Measles

ANNUAL REPORT

Several dog bites were investigated. There were no cases of Rabies.

The annual free inoculations and vaccinations to immunize children against Diphtheria, Tetanus and Smallpox were done in April and May. A total of 413 children received this protection. Dr. Beale, ably assisted by Mrs. McCormack, Miss Burke and Mrs. Plumer, school nurses, carried out this program.

In October free immunization shots for Influenza were offered to all city employees. Sixty employees availed themselves of this opportunity to receive this protection.

In our opinion these are worthwhile projects. This department urges all who are qualified to take advantage of these clinics.

A total of 362 samples of water from the city's taps were sent to The Bureau of Laboratories, Vermont Department of Health in Burlington for analysis. Nineteen samples showed evidence of contamination. This department again wishes to thank the Water Department for their excellent control work on the water shed and at the reservoir, especially Mr. Harry Jasmin and Mr. Rolla Jasmin.

Samples of water were also sent to the Burlington laboratories from the swimming pool during its operation.

Many nuisance complaints were investigated. Numerous plumbing inspections were made.

In closing I would like to express my appreciation for the courtesy and co-operation that I have received from the Mayor, City Council, City Employees, State Board of Health, School Nurses and the Parents and Physicians of the City of Rutland.

Respectfully submitted,

CHARLES D. BEALE, D.O.
Health Officer

Board of Health:

ROBERT W. BEAUCHAMP, Phg.
HARRY RYAN, JR., M.D.
GORDON B. SMITH, M.D.

Milk Inspector

August 15, 1970

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

The following is your Milk Inspector's Report for the fiscal year beginning July 1, 1969 and ending June 30, 1970.

Six hundred fifty dollars (\$650.00) was collected in license fees during the year and the money turned over to the City Treasurer whose receipts I hold for that amount.

There were 12 licenses issued at the Rutland Fair. Forty-one Retail Stores, 45 Restaurants, 3 Bakeries, 4 Peddlers, and 5 Creameries were also issued licenses during the year.

All Creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken from the Creameries and submitted to the Board of Aldermen were accepted and published in the Rutland Herald.

In closing I would like to take this opportunity to thank the producers, plant operators, and the State Inspectors Mr. Donald George and Mr. George Severance for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.
Milk Inspector

Director of Welfare

August 6, 1970

To the Honorable City Council and
Citizens of City of Rutland, Vt.:

The Welfare needs of the residents of the City of Rutland are now administered by the State of Vermont Social Welfare Department. The local office is at 9 Merchants Row.

Left outstanding on Welfare books are some hospital accounts incurred before October 1968. Many accounts have been paid by individuals, insurance or the like and it is hoped that many more will be taken care of this year.

Eventually there will be no necessity for an appropriation for Welfare as all accounts will have been taken care of.

The financial summary on page 105 includes payment by the City of Rutland of accounts that were declared uncollectable by other methods.

The reimbursements include payments to the City of Rutland by individuals and by the State of Vermont for aid given in the past.

Respectfully submitted,

CATHERINE WALSH
Welfare Director

Building Inspector

August 15, 1970

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

I submit the following permits approved from July 1, 1969 to June 30, 1970.

	Units	Amount
New Houses.....	18	\$298,500.00
Mobile Homes.....	3	14,300.00
Multi-Dwelling.....	1	24,000.00
Resident Renovations.....	90	145,355.00
Resident Garages.....	22	36,000.00
Resident Pools.....	21	33,630.00
New Commercial.....	7	145,000.00
Commercial Additions.....	33	1,092,489.00
New Industrial.....	1	17,000.00
Hospital Addition.....	1	7,277,000.00
Municipal Pool.....	1	213,571.00
Resident Demolish.....	12	5,650.00
Commercial Demolish.....	16	20,975.00
	226	\$9,323,470.00

I take this opportunity to thank his Honor The Mayor, the City Council, the Zoning Board of Adjustment and other City Departments for the co-operation and assistance I have received.

Respectfully submitted,

JAMES B. CRANDALL
Building Inspector

City Attorney

August 3, 1970

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

I respectfully submit the Annual Report of the City Attorney for the Fiscal Year 1969-1970.

It seems the City Attorney's Office becomes more and more involved in general departmental activities as the City's affairs become more complex. This past year has seen the need of interpretation not only of our Charter and Ordinance requirements, but examination report of various Federal and State Statutes involved with our inter-governmental relations.

I shall attempt briefly to outline activities of this office during the past year.

Litigation

Various suits have been brought for the City and defense entered where the City has been named as a party to law suits. This Office has appeared in District and County Court, and the Supreme Court of the State of Vermont, with various suits which I trust you are familiar with. We are presently involved in initiating a litigation to enforce curbing agreement which we hope to conclude this year. This Office has also handled the many claims and suits brought against the City for personal injury and property damage which have arisen during the past year. We expect to see the trend of more litigation to continue during the coming year.

Opinions

Written opinions have been rendered to the Board of Aldermen, the Mayor and other City Departments dealing with diverse problems which have arisen and demanded legal answer. Research has also been involved in preparing for litigation and administrative proceedings both in the City and in Montpelier. Oral opinions have been rendered mainly at the Aldermanic Sessions and in day-to-day contact with the departmental officers, and City Employees. Written opinions are kept on file in the City Clerk's office.

The Corporation Counsel, the City Attorney's office, continues to consult with the Mayor and department heads in negotiating contracts and preparing the same for approval by the Board of Aldermen. We are presently working on a water contract as a result of negotiations with the Town of Rutland for the purchase of City water. We have concluded negotiations of easements for Phase I of the TOPICS program and continue to work with the Mayor and the Department of Public Works in carrying out this traffic improvement schedule. A great deal of time has been devoted to continued negotiations of the City's proposed 20" water line where we have made substantial progress. Alderman Perkins and myself continue our work on revamping the Rutland City Charter, and with the assistance of the Board of Aldermen and the Department Heads of the City, hope to complete this project this Fiscal Year.

I would like to take this opportunity to thank the various City Departments, particularly the offices of the City Clerk, the City Engineer, and the City Treasurer for their valuable aid and cooperation during the past year. I look forward to another year of working with the City Council and people of Rutland to make our City a better one.

Respectfully submitted this 6th day of August, 1970.

RICHARD W. NORTON
City Attorney

City Grand Juror

July 1, 1970

*To the Honorable City Council and
Citizens of Rutland, Vermont:*

The number of misdemeanors prosecuted by the Grand Juror continued to increase sharply, as the number rose from 784 last year to 1,267 this year.

This represents a very substantial increase in one year. The obvious primary reasons for this increase are the increased size of the Rutland Police Department and the increasing efficiency of the police officers. The police department report details the types and numbers of offenses prosecuted during the past year.

During the year I initiated a periodic report to the City Council in an attempt to keep the Council better informed of the activities of my office than a single annual report permits. I believe that these reports have proved useful in outlining some of the activities and problems encountered by the office and have resulted in occasional improvements in various city ordinances and in other procedures.

The Council took partial cognizance of the increased work load of the Grand Juror's office and increased the annual salary to \$7,500.00. I would still submit that the Grand Juror presently devotes as much time to his duties as the City Attorney, who receives a salary of \$16,000.00, and that the Grand Juror's salary should be further increased to provide appropriate compensation for the legal duties and responsibilities executed.

I have, as usual, worked extensively with the city police and assisted the Mayor and Board of Aldermen when requested. I would like to thank the Rutland City Police, the Vermont State Police, the Rutland County Sheriff, and all others who have assisted me during the year. I have received excellent cooperation, and it is a pleasure to serve the residents of the city in this capacity.

Sincerely,

ROBERT EDWARD WEST
Grand Juror

City Clerk

August 29, 1970

To the Honorable City Council,
City of Rutland, Vermont:

Mayor Nichols, Gentlemen and Mrs. Stearns:

It is my duty and pleasure to submit herewith the report of the Office of City Clerk and Purchasing Agent for the period 1 July, 1969 to 30 June, 1970.

The duties of the City Clerk are mandated by Vermont Statutes, the Rutland City Charter and Rutland City Ordinances.

This fiscal year has been extremely busy for our office. I believe this is due to the mood of the country that our citizens are seeking many answers to many questions whether they involve voting, records such as land, birth, death and marriage or a very genuine search for facts and truths.

During the past year we had several special elections which would have been more difficult than usual without the computer card checklist and registration method used now. This system has and continues to save us many hours of work as compared with the checklists, etc. of the past. Our check list holds quite steadily at about 10,000 registered voters on practically a current basis. Our joint effort with the School Department in the use of the computer has been a great help to us in many ways during the past year and I would be remiss if I did not give due credit to Dr. Tinney, Miss Mary Bostwick and staff for their cooperation with us at all times.

The Food Stamp Program under the direction of this office is referred to elsewhere in this report.

As City Clerk and Purchasing Agent I met with Alderman Craigie S. Perkins and City Attorney Richard W. Norton to discuss changes with respect to this office which is in the Charter being worked on by these gentlemen for further action by the City Council.

As clerk of the Board of Aldermen it is my duty to attend the twice monthly meetings to record the actions of the board. In addition to these "official" meetings the members have held many Special Meetings this past year. Mayor Nichols is in attendance at all meetings of the Board of Aldermen. It might interest the reader of this report to know that an alderman and

the Mayor will average well over 125 hours each at meetings such as this, in addition to the many committee meetings, during one year's time. All department heads attend meetings at which they are requested.

Fishing and Hunting licenses continue to be a large part of our operation. We received excellent cooperation from the Vermont State Fish and Game Department and have offered suggestions for changes in license application forms some of which were acceptable to them.

Document recording of land records, business registrations, agreements, etc., one of the most important functions of any town or city clerk, remains the number one problem because of space needs in our present vault. This vault is no longer considered top fireproof by today's vault standards in addition to being too small. Mayor Nichols had all department heads in this past year to discuss his proposed remodeling of the city hall and the old fire station. There will be more on this in the upcoming fiscal year hopefully to the benefit of all departments.

Our office participated in the so-called Gale Wage Report Plan and firmly believe this to be an outstanding achievement to the benefit of the tax payer and the city employee. I believe I can speak for all city employees that the Gale Report and fringe benefits now provided by the city are excellent incentives for the future.

The upcoming year appears to be another busy one beginning with a first step micro-filming program just approved by the Mayor and Board of Aldermen for this office.

As always we welcome the taxpayer into our office for whatever his or her needs.

I would again like to express my appreciation to the faithful and efficient employees of the city clerk's office.

Many thanks also to His Honor Mayor Nichols, members of the Board of Aldermen and all departments for their kind consideration and assistance to us.

Respectfully submitted,

JOHN W. BARRETT

City Clerk and Purchasing Agent

Vital Statistics will be found elsewhere in this report on page 70.

OFFICE OF THE CITY CLERK
REPORT OF VITAL STATISTICS

For The Calendar Year 1969

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during the year 1969 was as follows:

Total number of births registered in 1969.....	883
Total number of deaths registered in 1969.....	471
Total number of marriages registered in 1969....	241

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

City Clerk

RUTLAND FOOD STAMP PROGRAM

August 6, 1970

Honorable Harold J. Nichols
Office of the Mayor
City of Rutland, Vermont:

Dear Mayor Nichols:

Herewith is submitted the report of the City of Rutland Food Stamp Program operated under the supervision of this office. The program continues to show an increase each year with many more non-resident persons purchasing stamps here in Rutland. This is partially due to the fact that some of the surrounding towns do not sell the stamps and partially because of the many grocery stores here in Rutland City.

Under regulations passed by the last General Assembly we now sell Food Stamps during our regular working office hours.

Miss Catherine Walsh supervises the sale of the stamps and her past many years of welfare experience has been a valuable asset.

Miss Walsh further assists in much of the general office work of the City Clerk's Office.

The Food Stamp Program is audited by the Federal, State, and local auditors.

Very truly yours,

JOHN W. BARRETT
City Clerk

VERMONT DEPARTMENT OF SOCIAL WELFARE
Montpelier, Vermont

January 21, 1970

REPORT TO THE CITY OF RUTLAND

Last year this department initiated reporting to each town and city the amounts spent and people aided in each locality under the various programs of the Vermont Department of Social Welfare. This report replaced the previous annual notification to each town of the charges that had been assessed against their community for their share of State operated welfare programs. The enactment by the General Assembly of the Social Welfare Act of 1967 eliminated sharing in State welfare costs at the local level and consequently, the basis for this type of reporting to the towns.

This year's report on amounts of money paid to money payment recipients in your town and monthly average number of recipients is for calendar year 1969 in contrast to the half year report made last year. In addition, we are able to report a full year of money spent for General Assistance and for the last six months of the year, the value of the bonus food stamps given to residents of your town and the monthly average number of participants. General Assistance is the program that was formerly operated by your Overseer of the Poor. Your town's tabulation is as follows:

Program	Monthly Average	
	Amount	Number of Recipients
Aid to the Aged.....	\$206,877.00	245
Aid to the Blind.....	8,025.00	5
Aid to the Disabled.....	94,424.00	89
Aid to Needy Families with Children.....	476,636.00	851
General Assistance.....	22,324.83	...
Bonus Food Stamps (six months).....	22,149.00	625

The above figures do not include money payment recipients residing in nursing homes or mental hospitals as there does not appear to be a fair way of assigning a town of residence to these people.

In addition, medical vendor payments for the calendar year 1969 totaled over \$11,000,000.00 (more than 1/3 of all department expenditures) and payments in behalf of committed children totaled over \$1,000,000.00 for a monthly average of 1480 children. No doubt, residents of your community were numbered among those who benefited by these expenditures.

Respectfully submitted,

PAUL R. PHILBROOK
Deputy Commissioner

**Memorandum To: Town Health Officers and Town Clerks
in Vermont**

From: Robert B. Aiken, M.D., M.P.H., Commissioner of Health

Subject: Vermont State Health Department Town Report, 1969

I am sending you our annual report showing the principal health services rendered people in your town. Vermont towns and most of our cities are too small to independently support public health teams, and in effect they unite by means of their state tax dollars to buy these services through their state health department. Because of this, our feeling has been that the people can legitimately expect an accounting of services provided in their towns.

I know you have a sincere interest in protecting and promoting the public health in your town, and we are at all times ready and willing to help you. Part of the job is to keep the people informed of problems and progress, and this report is submitted to help you to do this. I hope you will have it included in the annual town report along with your report of local problems, activities and needs.

December 1969

VERMONT STATE DEPARTMENT OF HEALTH
ANNUAL TOWN REPORT, 1969

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1968, through June 30, 1969. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Rutland City.

Attendance at State Public Health nurse sponsored well-child conferences and Immunization Clinics.....

Number of children given pediatric consultations or hospital diagnostic services.....	2
Number of children served at the child development clinic.....	1
Number of children aided at handicapped children's clinics for speech, hearing, orthopedic, plastic, neurological, or cardiac problems.....	122
Dental health education: number of children served in schools.....	—
People x-rayed for tuberculosis detection.....	237
People x-rayed for occupational diseases.....	142
Attendance at tumor clinics.....	5
Attendance at diabetes clinics or physician screening for diabetes.....	242
Diphtheria, Tetanus, Whooping-Cough immunizations...	5
Polio immunizations.....	7
Smallpox immunizations.....	1
Measles immunizations.....	1
Number of water samples tested (private and public supplies).....	451
Blood specimens tested (pre-marital, pre-natal, and other).	791
Other laboratory specimens.....	550
Sanitary inspections, consultations (food and lodging, camps).....	702
Water, sewage disposal, public buildings and other inspections.....	73
Medical Care Services: nutrition and dietary consultations, inspections and consultations to hospitals, nursing homes, homes for the aged, and home health service agencies.....	158
Public Health Nurse visits.....	421
Number served by Public Health Nurse visits.....	155

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.
Commissioner of Health

Constable and Tax Collector

August 19, 1970

To the Honorable City Council:

Gentlemen:

I hereby submit my report as City Constable and Tax Collector for the period from July 1, 1969 to June 30, 1970.

Delinquent poll taxes, real estate and personal property taxes collected amounted to \$111,518.65. Delinquent water rents and sewage disposal bills were also collected in the amount of \$13,331.60 for a total of \$124,850.25.

The conversion of the tax accounts to Computer during the fiscal year 1969-70 has resulted in a more efficient and up to date method of handling the duties of this office.

To His Honor the Mayor, the City Council, the City Attorney, City Officials and employees my sincere thanks for their assistance and cooperation.

Respectfully submitted,

WALTER R. COSTELLO
Constable and Tax Collector

Recreation and Parks

*To the Honorable City Council and
The Citizens of Rutland:*

I am pleased to submit to you this Annual Report for the Department of Recreation and Parks.

Total expenditures for the Department were \$85,626.92.

Total receipts were \$13,138.93.

Spring and Summer

Opening June 23 for eight weeks of fun and frolic were the city's six playgrounds, located in various areas of the city. These include Meadow Street, White, Rotary Field, Northwest, Northeast, and Havenwood. Highlights of the season were Pirate Day, Christmas in July, and a Fishing Derby at Combination Pond.

The Rutland Municipal Swimming Pool opened up June 25. The pool closed down frequently in 1968, due to mechanical failure, so for the season of 1969 the department had the electrical circuit of the pool rewired, new sand and gravel put in the filter, and had the chlorine distributor gauged.

The cool mountain air of Killington Mountain was the site of the 17th Annual Governor's Day Picnic. Approximately 297 Senior Citizens from Rutland, Barre, Brattleboro, Springfield and St. Albans were present for the event. Climax of the day was a chair lift ride to the top of Killington.

Pitch, Hit & Throw competition was held May 23, at Rotary Field, co-sponsor's of which were the Recreation & Parks Department, Phillips 66, and the Kiwanis Club. Winners from the area who were sent to Portland, Maine for further competition were Kipp Mullin, John McKeon, Jayson Laird, and Shawn Kelley.

Tennis lessons were again conducted for children and adults alike. In the mixed doubles tourney, Mrs. Patty Williams and Terry Allen emerged from a field of ten teams to place number one. In the Women's doubles Betty Phelps and Marliesa Toal topped Fran Smith and Sandy Cohen 10-8, 6-2.

The sound of "Rock Music" was heard for the first time this summer in the Park. Every Tuesday evening from 7:30-9 P.M. local rock bands played to large crowds of local teenagers. The Rutland City Band continued to hold their concerts Wednesday and Sunday evenings throughout the summer months.

The Vermont Summer Chess Championship matches were held this summer at the Recreation Center. Vermont champion Ralph Williams of West Rutland, and Charles Edgar of Shrewsbury tied for the summer title. September 27 and 28 the United States Chess Federation, in cooperation with the Vermont Chess Association and the Rutland Recreation and Parks Department held the Vermont Open Chess match at the Edwin W. Lawrence Recreation Center.

The fourth annual "Art in the Park" show was held August 18 and 19 in Main Street Park.

INCLUDED IN THE SPORTS CAPACITY WERE:

- Junior Basketball League
- Summer High School Basketball League
- Seventh and Eighth Grades Summer Basketball League
- City and Recreation Softball League
- Women's and Girls' Softball League
- Fifth and Sixth Grade Spring Softball League
- Midget League Baseball
- Mitey Mite Baseball League

Fall and Winter

ACTIVITIES FOR THE YOUTH OF THE CITY INCLUDE

- Third and Fourth Grades Flag Football League
- High School Lacrosse Club
- Halloween Painting Contest and Parade
- Kite Contest
- Junior High School Square Dance Class
- Teen Friday Night Dances
- "The Cellar," including a juke box, pool, ping pong, shuffleboard and snack bar
- Sled and Saucer Races
- Skating Rinks and Lessons
- Football Clinic
- Fifth and Sixth, Seventh and Eighth Grades Girls' Activity Classes
- Drama Group
- Fifth, Sixth, Seventh and Eighth Grade Cheering Classes
- Cheerleading Festival
- Baton Classes for Fifth, Sixth, Seventh and Eighth Grade Girls
- Tumbling Class for Boys and Girls in the Third, Fourth, and Fifth Grades
- Storytelling Hour for Kindergarten thru Second Grade
- Arts and Crafts for Second and Third Grades
- Tap and Ballet Classes
- Puppet Classes

EVENING CLASSES INCLUDE

Square Dance Club	Art Class
Rutland Family Campers	Knitting Class
Golf Lessons	Rug Braiding Class
Golf Films	Women's Phys. Ed. Class
Bridge Lessons and Club	Sailing Class
Chess Club	Flying Class
Coin Club	Adult Basketball League
Stamp Club	Business Men's Workout
Furniture Refinishing Class	Slimnastics
Adult Ballroom	

Our Christmas Program included delivery of toys to 62 needy families in the city of Rutland. We wish to thank all those people who so generously donated toys for the project. The holiday Recreation schedule included storytelling, arts and crafts, checkers, volleyball, and paddleball tourneys. A new event, Wreath Making for children in grades 3 through 8, had a participation of 265 students, and will become an annual event for the department. Santa made an appearance at our pre-schoolers' Christmas party, along with plenty of soda, candy, Christmas carols, and cartoons.

The Rutland Rainbows, members of the Recreation Department's Women's slow pitch league, represented the State in the National Tournament at Chattanooga, Tennessee, August 29 to September 1. The Rainbows were eliminated 6-3 by Indianapolis, Ind. and 7-4 by Norfolk, Va. in their first two games, but are eager to return next year.

A new Club, the Rutland Model Rocket Club, for boys in Junior and Senior High School met weekly at the Recreation Center. Launches were held on Route 7 at Thomas's Dairy Bar.

The Department sponsored A Coronary Heart Prevention Program in conjunction with the Vermont Heart Association each Monday and Wednesday evenings at the Recreation Center, for men between the ages of 20-65.

A pre-school program for children between the ages of 3 and 5 was initiated in September. Registration for the class was held, with more than 80 children signing up. Originally the class was to be held once a week, but with so many registered the class was broken down into specific age groups, with three classes a week.

The Michael Coleman Flag Football Award was presented to Mark Muscatello of Grandview Acres during halftime of the MSJ-RHS game at St. Peters Field. Mr. and Mrs. Marvin Coleman have inaugurated the award in memory of their son who died following a bicycle accident after his first flag football game a year ago. The criteria for which the award was presented were based on safety in athletics, sportsmanship, team spirit and co-operation.

Skating lessons were offered this year at Rotary Rink for beginner figure lessons and skating lessons.

A Women's Sports Club was formed for those interested in playing basketball and volleyball. The Club met every Thursday evening at the Center.

A Ladies' Slimnastics course was held under the direction of Mrs. Lorraine Gilbert. The course, designed for weight conscious women, was scheduled to run for ten weeks, but proved to be so popular it ran for six ten-week sessions.

An Easter bonnet contest, egg relay race, and Easter egg painting contest were all part of our Easter Events. Prizes were donated by the Kiwanis Club.

Plans are being made to turn Pine Hill Park into a nature and conservation area, which will include hiking trails, water and soils nature trail, ecology trail, a water, wildlife, fish and watershed study area.

The Rutland unit of the Young Women's Christian Association, and co-sponsored by our Department, held Yoga classes weekly for Grade 7 thru 9 girls.

Construction of the new pool at White's began in April of 1969. Mini Park equipment and fencing were purchased.

The Dog Obedience Classes, under the leadership of Mrs. Pearl Fuller, held classes for the beginner and advance dog.

SUMMARY

Fiscal needs of the Recreation Department include:

- Further Development of Pine Hill Park
- Professional Help
- One Outdoor Basketball Court
- Handball Courts
- Lighted Tennis Courts
- Four Additional Tennis Courts
- Storage and Maintenance Garage

The Superintendent would like to express his appreciation to the Mayor and the members of the Board of Aldermen, as well as the Citizens of Rutland for their continued cooperation and encouragement. I would again like to thank publicly the members of my staff, Patrick Slattery and the Rutland Herald staff, Frank McCormack, and the staff of W.H.W.B., Phillip Weiss and the staff of W.S.Y.B., Grants Department Store, Myles Pratico, The Teen Council, Mr. Donald Parker, Atty. James P. Carroll, Thomas Fagan, Dr. James Tinney and the school board, Dr. Donald Icken, Ernest Erickson, Bill Donaldson, and Mitchell Berkowitz, our field work student from Springfield College.

Respectfully submitted,

JOHN W. CIOFFREDI, *Superintendent*
Recreation and Parks Department

Civil Defense

August 11, 1970

*To the Honorable City Council and
The Citizens of Rutland:*

Having taken over the office of Director on September 22, 1969; the following is a brief outline of what has been accomplished—

1. The successful completion and printing of the Community Fallout Shelter Program which culminated two years of hard work on the part of the former Civil Defense Chairman, W. H. Sherman, and his staff.
2. We are now participating in a new program for the Regional Office of Civil Defense. This requires the testing of new experimental plastic water containers.
3. Our office assisted the Department of Public Works during the snow emergency last winter.
4. We are in the process of updating the Civil Defense program for the City of Rutland.
5. Several training courses were offered this year in cooperation with the State Civil Defense Office. In order to make our organization more efficient, training courses will be scheduled if enough people care to attend them. A minimum of twenty are required for any one course. Anyone interested in enrolling can do so by contacting Civil Defense Headquarters at City Hall.

During this past year your Director has attended three seminars held by the State Civil Defense organization. These were held in Montpelier, Windsor and Woodstock.

Your support for the Civil Defense organization is greatly appreciated.

In closing I want to thank the Mayor and all who volunteered to make this year the success that it was.

Respectfully submitted,

ALDO M. MANFREDI
Director—Civil Defense

Assessors' Office

October 2, 1970

To the Honorable City Council:

In the year of 1970 your Board of Assessors undertook the task of reappraising the entire City of Rutland.

With the full cooperation of the Mayor and Board of Aldermen we feel that the Rutland Board of Assessors is second to none in the State of Vermont.

Before the actual field work of reappraisal could be started much time was spent in making up the form to be used on the reappraisal cards, having them printed, and labeled with the property address and owner. Planning approximately how many cards could be completed by each Assessor in one week, and allowing for the three months necessary for the Assessors to work on the 1971 Grand List, as well as allowing for bad weather conditions which would cause some delay, it was determined that complete reappraisal would be finished by 1972.

With the permission of the Board of Aldermen three men were hired as assistants to the Assessors and were to be paid at a set rate per appraisal card. Further details were worked out by dividing a map of the City of Rutland into three sections with each Assessor and his Assistant receiving one section and the itinerary to be used was to be streets alphabetically in each section.

On the morning of August 24th, 1970 the three Assessors and their Assistants, armed with polaroid cameras, tape measures and pads and pencils started the work of the reappraisal of the City of Rutland.

At the writing of this report with only five weeks of the Assessors and their Assistants being out in the field I am happy to report that we are ahead of the schedule that was adopted by this office.

The Board of Assessors take this opportunity to thank the Board of Aldermen and all City Departments, as well as the taxpayers, for their excellent cooperation this past year. With the very efficient help of our new Secretary and three Assistants we will continue to keep the public informed of our progress.

Respectfully submitted,

JOHN D. PISANELLI, *Chairman*
ROBERT W. FOX, *Member*
RYAMOND H. SHAW, *Member*

Board of Zoning Adjustment

Honorable Mayor Nichols,
The City Council,
Rutland, Vermont:

Gentlemen:

I hereby submit a report of the activities of the Board of Zoning Adjustment for the year 1969-1970.

During the year we held many meetings, all with a full board, except one. Some investigations had to be made by different members of the Board on mobile home sites, areas for housing projects, expansion on present buildings. The Grand Union Store's new paved parking lot just off Sheldon Place was a new project. This is not opened from Sheldon Place and is for the use of their employees.

As usual there were some "Home Occupation" requests to be investigated. Allowed was a Dentist Office in his home, gift shops, an electric repair shop, a ceramic studio for teaching only.

We granted a few variances on different places where it was a hardship case, and where we could in accordance with the Zoning Ordinance.

One Variance we granted was on the property at North Main and Woodstock Avenue, routes 7 and 4. As a result of the easement granted to the City of Rutland in connection with Phase 1 of the "Topics" Program to provide the future access required by the proposed construction on this particular corner, and for the reconstruction and relocation of the Service Station. This will be a big improvement and make a much safer corner.

In closing we wish to express our sincere appreciation to Mayor Nichols, all members of the Board of Aldermen and all City Officials for their cooperation and assistance at all times.

Respectfully submitted,

BOARD OF ZONING ADJUSTMENT

MARY V. QUIGLEY, *Secretary*

Dogs and Other Animals

THE RUTLAND CITY DOG ORDINANCE

TITLE 13

Chapter

1. Dogs

Cross references. Animals running at large, see 20 V.S.A. § 3451 et seq. Permission to use firearm to dispose of animal, see section 4161.

CHAPTER 1

Dogs

SECTION

- 2551. Disturbance of quietude as public nuisance
- 2552. Confinement
- 2553. Impoundment; notice thereof
- 2554. Damage
- 2555. Penalties

§ 2551. Disturbance of quietude as public nuisance

It shall be unlawful for any dog owner to permit or allow his or her dog or dogs to habitually howl, bark, or in any other manner disturb the peace and quietude of the community. Such conduct is hereby declared to be a public nuisance.

Cross references. Public nuisances, abatement of, see 24 V.S.A. § 2121.

§ 2552. Confinement

(a) The owner shall confine within a building or secure enclosure every dog, and not take or allow such dog out of such building or secure enclosure unless such dog is on leash or under control of some person, or securely attached to an exercise wire. Amended 1968 — No. 10-1, Effective September 6, 1968.

(b) The owner shall confine within a building or secure enclosure every unspayed female dog in heat in such a manner that such dog cannot come in contact with another dog except for intentional breeding purposes.

(c) The owner of any dog that has bitten a person without provocation as determined by the chief of police shall be ordered by the chief of police to keep such dog muzzled on all occasions when there is possibility of contact with the public. Any person aggrieved by such an order may appeal to the Rutland District Court for a hearing on the merits of such order by the chief of police. The violation of such an order shall be a violation of this ordinance and such dog shall be immediately taken up and confined.

Amended 1968 — No. 10-2, Effective September 6, 1968.

§ 2553. Impoundment; notice thereof

Dogs found running at large may be taken up by a police officer or duly authorized agent and impounded. Notice of such impoundment shall be promptly given to the owner if such can be determined. An owner may reclaim his dog after paying an apprehension fee of \$6.00 to the City of Rutland and reimbursing the City of Rutland for the care and maintenance of the impounded dog at the rate of \$2.00 per day. Dogs unclaimed after three days from the time the owner has been notified may be disposed of at the discretion of the chief of police.

Amended 1968 — No. 10-3, Effective September 6, 1968.

Cross references. Notice of impoundment, see 20 V.S.A. §§ 3413, 3414, 3420.

§ 2554. Damage

(a) A person who suffers damage to his real or personal property by dog or dogs shall report the nature and amount of such damage to the chief of police within 24 hours of his discovery of such damage. The chief of police shall forthwith cause an investigation of such alleged damage to be made by a duly authorized police officer.

(b) At the next regular meeting of the board of aldermen after notice has been given as provided in (a) above, the chief of police shall report to the board of aldermen the following:

(1) Police report of the original complaint and claim for damage.

(2) Police officer's report of investigation.

(3) Police department's estimate of the amount in dollars of damage sustained.

(c) The board of aldermen may, but shall not be required to, compensate the owner of such damaged property with funds from the issue of dog licenses.

§ 2555. Penalties

Any person who violates any provision of this chapter shall be fined not less than \$10 for the first offense, not less than \$15 for the second offense, and for the third or any subsequent offense shall be fined not less than \$20 or imprisoned for ten days.

Amended 1968 — No. 10-4, Effective September 6, 1968.

Cross references. Penalties for violations—

Persons to whom applicable, see section 207.

Place of imprisonment, see city charter section 48.

Recovery of fines and penalties by complaint or warrant, see section 208.

Rutland County Humane Society, Inc.

August 14, 1970

*To the Honorable City Council,
City of Rutland, Vermont:*

Gentlemen:

The fiscal year 1969-1970 brought an increase in the number of animals cared for by the Rutland County Humane Society—up to 1704. About half of these were from the City of Rutland, the balance from the rest of the County. We also provided board and shelter for the 184 dogs brought in by the City Dog Officer.

Our Agent, Edward Wheeler, answered 26 complaints in the City. Our traps were used many times to capture wild animals or dogs and cats that had turned wild. Several groups of young people visited the Society Shelter and learned about animal care.

Our operating expenses for the year were \$11,922.46, an average cost of \$6.30 per animal handled. We received \$3,000.00 from Rutland City, the balance coming from Towns in the County, individual donations and fund-raising activities.

We are most grateful to Mayor Nichols, the members of the Board of Aldermen, and to Police Chief Jenne and the Officers in his department for the grand cooperation we have received from them.

Respectfully submitted,

ELLEN H. PORTER

Treasurer, RCHS

Rutland Housing Authority

To the Honorable City Council:

Gentlemen:

Early in 1970, HUD granted the application of the Rutland Housing Authority for 150 units of housing—75 units for the elderly and 75 units for low income families.

In February, 1970, the Authority advertised for proposals from Developers under the Turnkey method of construction. The Authority received 4 proposals for the elderly housing and 8 proposals for the low income family housing. From these, the final selection was made with HUD's agreement.

The site selected for the ten story building for the elderly is a $1\frac{1}{4}$ acre plot at the end of Norton Place. The 9.5 acre site for the low income family housing is located between Granger and Forest Streets. This will be a garden-type development.

The final plans for both projects have been completed and are awaiting final approval from HUD. This approval is expected within the next few weeks and "ground breaking" is hoped to take place shortly after that, hopefully by the end of October.

With the 60 units of elderly housing in operation at Templewood Court, when the two new projects are completed, we will have a total of 210 units of housing in Rutland. We have a waiting list in excess of one-hundred for the Elderly Housing and from all indications, there will be no difficulty in filling the family project.

Respectfully submitted,

FRANCIS F. WATERMAN, *Chairman*
Rutland Housing Authority

The Chaffee Art Gallery

August 15, 1970

Mayor Harold J. Nichols and
The Citizens of Rutland, Vt.

The Chaffee Art Gallery Annual Report

For those not familiar with the origin of the Chaffee Art Gallery, its purpose, its activities and its value to the City of Rutland, I will again briefly present some facts:

The Gallery opened as part of Rutland's Bicentennial Celebration in 1961 and it was sponsored by the Chamber of Commerce as were other events. In 1962 the Rutland Area Art Association was formed especially for the purpose of sponsoring the Gallery. The incorporating officers were Katherine King Johnson—President, Dr. Bernard Hubenet—Vice-President, Henry Carris—Treasurer and Arthur Ross the Secretary-Clerk. In 1967 the association was accepted by the Internal Revenue Service as a tax free, non-profit corporation. This organization was formed for the purpose of furthering interest in the arts and to offer to the public as well as to the artist a better understanding of the performing and visual arts through exhibits, displays, instruction, lectures and demonstrations. All of these prime purposes are programmed each year.

Expanding interest in the arts is very evident. During the season last year 3,800 visitors signed the guest books (this is exclusive of those that regularly participate in the activities). These guests came from 32 states and 16 countries. Weekly, over 60 students receive instruction in arts, crafts and the dance. The Gallery is also used as headquarters for the Community Concert Association Drive and for the Annual Rutland Garden Club's Flower Show. School classes, camp groups and adult organizations are given guided tours and are encouraged to hold their art meetings at the Gallery. The annual Art in the Park show is open to all artists without entry charge and attracts hundreds of visitors during the two day period. This year the dance classes participated also.

The Gallery, now in its 10th year, is open daily, mid-May through October, and is supported by contributions, commissions on sales and memberships. A \$1,500 grant from the City of Rutland and the loan of the building by the Chaffee family are major financial contributions. However, the presentation of quality exhibits and performances by the active members and the concentrated work of the Board of Trustees and Directors, all volunteers, keep the Gallery growing. The staff, Thomas Harris, Jr., Curator and Mrs. Charlotte Rodd, part-time Secretary, work faithfully and diligently for the betterment of the Gallery.

This art center, a point of interest in the very heart of Rutland has proven its worth and must continue to grow and succeed through cooperation and support by the entire community. We present our true need in the following financial report and urge more individual participation.

Respectfully submitted,

KATHERINE KING JOHNSON
Executive Director

RUTLAND AREA ART ASSOCIATION, INC.

KATHERINE KING JOHNSON

Rutland Mental Health Service, Inc.

July 16, 1970

To Mayor Nichols, City Council and
Citizens of Rutland:

The past year at Rutland Mental Health Service has seen many new changes with the receipt of Federal Construction and Staffing Grants. The agency was able to increase its staff from 12 to 30, with a budget increase from \$145,000. to \$345,000. This increase has made possible an expansion of services to include: Inpatient Psychiatric Care at the Rutland Hospital under the direction of a new full-time psychiatrist, with assistance of four psychiatrically trained nurses and a psychiatric social worker. The Inpatient Hospital Program also included an inservice psychiatric training for many of the hospital staff nurses. A 24-Hour Emergency Phone Service housed in the Rutland Hospital Emergency Room, and manned by Rutland Mental Health Service staff, is listed in the telephone book under "Suicide" and "Psychiatric Emergency Service." An Activity Therapy Program housed at Qahal has proven extremely effective in providing socialization and goal-oriented programs for 150 citizens, many of whom are facing difficulties adjusting to the community. A Partial-Hospitalization Program makes it possible for individuals to receive support within a structured therapeutic environment during the day, but are able to return to their homes and families at night. Included in the expansion has been a very successful pre-school program in co-operation with Association for Retarded Children for retarded youngsters. Lastly, the agency Consultation Services now includes consultation to the three area half-way houses, whose residents are in transition from hospitals back into the community.

The Construction Grant has made it possible for the agency to purchase its new office building on 78 South Main Street where services will be consolidated under one roof. It has been difficult in the past year to co-ordinate programs from several different bases. We all look forward to the time when the house will be made ready for use.

The established programs have also shown increased activity. The Outpatient Program had a total of 20,000 interviews, which reflects both the increase staff and an increased use of this service. The sources of new referrals shows a continued heavy usage of the service by the Rutland County physicians. Several additional

New Office Building

schools were added to our elementary school consultation program. The Youth Activities Program blossomed this year with a greater number of children receiving wholesome recreation and socialization in their ongoing growth process.

Next year will be further devoted to synthesizing, coordinating and developing ongoing services along with attention paid to developing new programs as the needs of the time dictates.

Sincerely yours,

PHILIP POWERS, ACSW

RUTLAND VISITING NURSE ASSOCIATION, INC.

October 15, 1970

ANNUAL REPORT TO CITY OF RUTLAND

The Rutland Visiting Nurse Association is a certified Home Health Agency according to the policies and guidelines established by the Department of Social Security of our Federal Government and administered through the Department of Health, Division of Public Health Nursing, in Vermont. This means that all services and functions are subject to an annual review and audit to insure continued standards of professional care and fiscal responsibility as outlined under conditions for participation by our Federal Government are observed and practiced by our Agency.

Requirements for receiving home health services are that the patient be homebound and require skilled nursing and/or other professional health care on an intermittent, not a constant, basis; that the care be given under a plan of treatment established by the physician, and the service be provided only through a certified Home Health Agency. These are the requirements for patients who qualify for these services under Medicare and Medicaid. However, the same standards for care and services are applied to everyone in Rutland City who needs this care regardless of what the source of payment for these services may be. The Rutland Visiting Nurse Association has been in existence to serve the nursing care needs in the home regardless of the patient's ability to pay, since January, 1946, and continues this practice to serve the residents of Rutland City even though we have expanded our services to satisfy the certification standards of a Home Health Agency.

Our staff has expanded to five full-time nurses, one bookkeeper, one secretary, and two part-time homemaker aides. We also provide the services, on a contractual basis, of the following health specialists: One physical therapist, one speech therapist, and one male orderly. This last service was added this year to eliminate the need for ambulance transportation to and from the Emergency Room at Rutland Hospital for catheterization of male patients. Thus eliminating a costly and uncomfortable arrangement of this procedure which cannot be done by females according to professional policies both at our Hospital and at Rutland VNA.

Another innovation in the plan for better patient care in our area has been the establishment of a Nurse Coordinator who works out of the Rutland Hospital from our Agency. This has been named the CONTINUITY OF CARE PROGRAM. Our Nurse Coordinator is available, at the request of the attend-

ing physician, to talk with the patient and the family prior to the time of discharge to assist with plans for continued care of the patient upon discharge to the home. This makes it easier for the family to plan, with the nurse's assistance, for adequate physical arrangements in the home as well as providing moral support for both the patient and his family in the knowledge that there will be adequate professional support in the home once the patient is discharged. The nurse can assist in teaching the family how to properly care for the patient's medical needs in the home as well as supply the extra services of the other members of the health team when needed. All this is done under the direct supervision of the attending physician.

Our nurses continue to serve at various clinics in our area, the most notable, The Community Child Care Clinic. We also respond to calls for follow-up care in the home from the various social agencies in our area as well as request from the Rutland Mental Health Association.

The following is a breakdown of the number of nursing visits in Rutland City for the past nine months of the current fiscal year:

Disease Classification	This Month	Last Month	To Date
Allergy	6	8	78
Anemia	32	25	208
Arthritis	26	45	386
Brain Tumor	4	2	63
Cancer	28	44	269
Cardiovascular Disease	109	130	1075
Cerebral Palsy	1	0	7
Cerebral Vascular Accident	48	90	709
Diabetes	41	62	732
Emphysema	6	0	6
Health Promotion	35	34	342
Injuries	64	53	678
Mental Illness	0	2	43
Multiple Sclerosis	6	5	149
Other Chronic	29	74	719
Parkinsons	6	1	28
Postpartum	1	0	1
Antepartum	1	0	1
Total Nurse	443	438	5358
Total Aide	114	137	251
	557	575	5609
Physical Therapy Visits	5	5	51
Speech Therapy Visits	0	1	11

The Rutland Visiting Nurse Association absorbed \$6,073.00 worth of free nursing care visits for patients who did not qualify for Medicare or Medicaid benefits and also \$1,868.70 for patients services not covered under Plan B, Medicare.

Because of continued cut-backs on the federal funding for patient care under the two Federal programs, it is estimated that the figures under Plan B benefits will be at least tripled by the end of our fiscal year, December 31, 1970.

We deeply appreciate the support by Rutland City in the amount of \$3,000.00, for our agency's work. However, it is obvious that our needs, along with all others in the health field, continue to increase.

Respectfully submitted,

MRS. GEORGE B. McKEON
President

Department of Education

RUTLAND PUBLIC SCHOOLS PER PUPIL COSTS AND ENROLLMENT FOR THE SCHOOL YEAR ENDING JUNE 30, 1970

Total Current Expenses, all schools, less Capital Outlay, Community Service, Havenwood and Adult Evening School.....	\$2,929,488.79
Junior-Senior High School.....	\$1,622,069.31

City Treasurer

August 14, 1970

To the Honorable City Council,
Rutland, Vermont:

Gentlemen:

I present herewith the 1970 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1970.

All debt requirements of the City were met promptly during the year. Serial bonds totaling \$245,000.00 were retired. Payments of \$8,614.34 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$76,571.00 of which interest amounting to \$25,971.00 was paid on outstanding school construction bonds.

GENERAL FUND: This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services and other miscellaneous revenues.

During the fiscal year ended June 30, 1970, revenues actually received were \$17,539.95 more than budget estimates and expenditures were \$359,664.92 less than budgeted appropriations.

The Budgetary system has been an important factor in the City ending another year with a sizeable surplus because of a control of appropriations and expenditures.

SCHOOL FUND: During the fiscal year ended June 30, 1970, revenues actually received exceeded budget estimates in the amount of \$348,795.28 and expenditures were \$298,576.08 greater than budget appropriations. As at June 30 there was a surplus in the amount of \$77,225.62.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1970.

Summary statement of cash receipts and disbursements presented as Schedule 1, summarizes the activity of the various funds during the fiscal year ended June 30, 1970.

Respectfully submitted,

W. J. SIMONDS, *City Treasurer*

Auditors' Report

August 17, 1970

To the Honorable City Council,
City of Rutland, Vermont

Gentlemen:

Your Auditors have made an examination of the accounts and financial records of the Treasurer and other offices of the City of Rutland, Vermont for the period July 1st, 1969 to June 30th, 1970.

This examination was made in accordance with generally accepted auditing standards and accordingly includes such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion the financial records of the Treasurer fairly reflect the financial condition of the City of Rutland, Vermont as of June 30th, 1970 and the result of operation for the fiscal year.

Respectfully submitted,

R. NEWTON OWENS
WARREN G. GOODRICH
JAMES L. RALEIGH

An aerial photograph of a large outdoor swimming pool with several lanes, surrounded by tennis courts and a fence. The pool is the central feature, with several people visible in the water. To the left of the pool, there are tennis courts with a few people playing. The entire area is enclosed by a chain-link fence. In the background, there are trees and some buildings under a clear sky.

City of Rutland, Vermont

Seventy-Eighth Annual Report

Fiscal Year Ending June 30, 1970
